

SPECIFIC VOCABULARY

UNIT 8: The reproductive system

Reproductive system		Ovarian cycle	
Male		<ul style="list-style-type: none"> Follicular phase 	
Female		<ul style="list-style-type: none"> Ovulation 	
Primary sexual characteristics		<ul style="list-style-type: none"> Lutheal phase 	
Secondary sexual characteristics		Uterine (menstrual) cycle	
Genitalia		<ul style="list-style-type: none"> Menstruation (period) 	
Puberty		<ul style="list-style-type: none"> Proliferative phase 	
Adolescence		<ul style="list-style-type: none"> Secretory phase 	
Adulthood		FSH	
Menopause		LH	
Gonads		Oestrogens	
Testicles		Progesterone	
<ul style="list-style-type: none"> Seminiferous tubules 		Corpus luteum	
<ul style="list-style-type: none"> Scrotum 		Graafian follicle	
Reproductive tracts:		Fertilisation	
<ul style="list-style-type: none"> Epididymis 		Zygote	
<ul style="list-style-type: none"> Vasa defentia 		Ejaculation	
<ul style="list-style-type: none"> Urethra 		Coitus (copulation)	
Penis		Gestation	
<ul style="list-style-type: none"> Glands 		Implantation	
<ul style="list-style-type: none"> Foreskin 		Embryo	
Accesory organs		<ul style="list-style-type: none"> Morula 	
<ul style="list-style-type: none"> Seminal vesicles 		<ul style="list-style-type: none"> Blastocyst 	
<ul style="list-style-type: none"> Prostate 		Placenta	
<ul style="list-style-type: none"> Cowper's glands 		Umbilical cord	
Ovaries		Amniotic sac (amnion)	
Reproductive tracts:		Amniotic fluid	
<ul style="list-style-type: none"> Fallopian tubes 		Foetus	
<ul style="list-style-type: none"> Uterus (womb) 		Baby	
<ul style="list-style-type: none"> Vagina 		Childbirth	
<ul style="list-style-type: none"> Bartholin's glands 		Labour	
Vulva		Dilation	
<ul style="list-style-type: none"> Labia majora 		Expulsion of the baby	
<ul style="list-style-type: none"> Labia minora 		Delivery of the placenta	
<ul style="list-style-type: none"> Clitoris 		Belly button (navel)	
Mammary glands		Colostrum	
Gametogenesis		Milk	
Gametes			
Spermatogenesis			
Spermatozoon / spermatozoa			
<ul style="list-style-type: none"> Tail 			
<ul style="list-style-type: none"> Midpiece 			
<ul style="list-style-type: none"> Head 			
<ul style="list-style-type: none"> Acrosome 			
Oogenesis			
Ovum / ova			
<ul style="list-style-type: none"> Follicle 			
<ul style="list-style-type: none"> Zona pellucida 			
<ul style="list-style-type: none"> Corona radiata
